

# connecting

The Walk of Hope, part of St. Vincent's Mary Virginia Terry Cancer Center, is a passage connecting the Radiation Oncology department to the DePaul Medical Building.

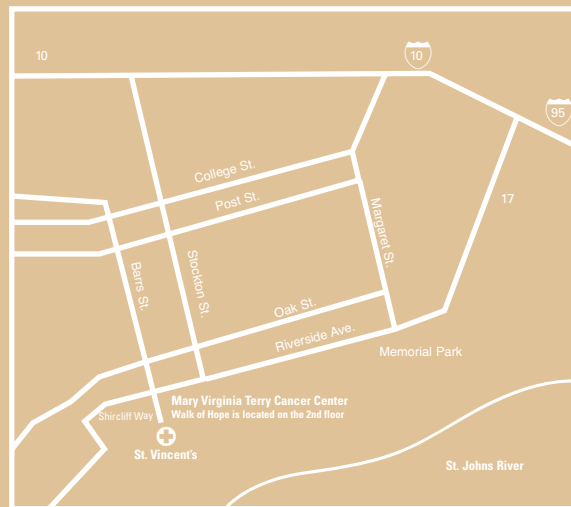

The facility offers educational resources, caregiving services, physical, social and psychological support. It includes The Walk of Hope Boutique, the Seventh Wonder Day Spa and American Cancer Society office.

St. Vincent's HealthCare is a faith-based, not-for-profit hospital that has been serving the people of Jacksonville and surrounding communities since its founding in 1916. From delivering healthy, happy babies to helping elders through their final years, St. Vincent's HealthCare offers a level of patient care that is unsurpassed in North Florida.
