

St. Vincent's HealthCare Pharmacy Residency Program Graduate Tracking

Residency Year	Resident	College	Residency Research Project	Residency Research Publication	Research Conference Presentation	Post Residency Training	Employment	Position	Certifications
2017-2018	Kyle Brown (PGY2)	Mercer University	Comparison of sodium acetate and sodium bicarbonate for metabolic acidosis in critically ill patients						
	Erica Bobb	University of Florida	Evaluation of melatonin on delirium prevention in the ICU						
	Kristine Friedel	University of Florida	Impact of clostridium difficile laboratory test criteria						
	Chloe Huang	University of Tennessee	Empirical therapy with ceftazidime versus ceftriaxone for UTI in hospitalized patients						
	Matthew Vickers	University of Florida	Impact of implementing an automatic 5 day stop order policy on antimicrobial safety and utilization						
	Jami Young	Florida A & M	Impact of lidocaine on postoperative pain and opioid utilization						
2016-2017	Abdel Bello	Chicago State University	Comparison of fluoroquinolone versus non-fluoroquinolone based therapy for the treatment of CAP		ASHP Midyear Meeting Dec 2107		St. Vincent's Medical Center Riverside	Clinical Staff Pharmacist	
	Kelley Braden	Lake Erie College of Osteopathic Medicine-Bradenton	Evaluation of a pharmacist driven procalcitonin protocol in COPD and PNA		FSHP Aug 2017		Baptist MD Anderson Cancer Center	Clinical Pharmacist	
	Kyle Brown	Mercer University	Impact of an inpatient pharmacist-driven ESA protocol		Critical Care Congress Feb 2018	PGY2 Critical Care	St. Vincent's HealthCare	PGY2 Critical Care Resident	
	Mary Alice Gortemoller	University of Florida	Comparison of oral and IV tranexamic acid in total knee and hip arthroplasty	Ann Pharmacotherapy 2017 Oct			St. Vincent's Medical Center Southside	Clinical Staff Pharmacist	
	Anthony Phan	University of Florida	Impact of an aztreonam reduction initiative in penicillin-allergic patients	AJHP-resident edition			Cape Canaveral Hospital	Clinical Staff Pharmacist	
2015-2016	Ashley Miller	University of South Carolina	Impact of time to completion of initial empiric antibiotics on severe sepsis and septic shock patients outcomes				St. Vincent's HealthCare	Informatics Pharmacists	
	Meagan Paylor	University of Florida	Identification of medication errors through pharmacist-led discharge medication reconciliation in a community hospital				St. Vincent's Medical Center Clay St. Vincent's Medical Center Riverside	Clinical Staff Pharmacist Clinical Staff Pharmacist	
	Kassandra Ramos	Shenandoah University	Comparing the efficacy of fluoroquinolone versus non-fluoroquinolone in acute exacerbations of COPD				St. Barnabas Medical Center	Perioperative Clinical Pharmacist	
	Amber Smith	Union University	Comparison of acute kidney injury incidence in patients admitted to community hospital taking warfarin or novel oral anticoagulant				Memorial Hospital	Critical Care Clinical Pharmacy Specialist	
	Courtney Willis	University of Florida	Impact of a pharmacist driven MRSA surveillance screen protocol	Am J Health-Sys Pharm. 2017; 74:1765-1773			Baptist Medical Center South	Critical Care Clinical Staff Pharmacist	
	Gerard Woolyhand	University of Florida	Incidence of acute kidney injury in dual antibiotic therapy with vancomycin combined with piperacillin-tazobactam or cefepime				Orange Park Medical Center	Clinical Staff Pharmacist	BCPS
2014-2015	Chere Adams	University of Florida	Efficacy of non-weight based vasopressor dosing in critically ill patients with severe sepsis or septic shock	Journal of Critical Care. 2016; 37:219-223	Critical Care Congress Feb 2016		St. Vincent's Medical Center Clay	Clinical Staff Pharmacist	BCPS
	Eileen Jung Digamon	University of Florida	Evaluation of the safety and efficacy of dual antiplatelet therapy in combination with warfarin or novel oral anticoagulant		ASHP Midyear Dec 2015		Baptist Medical Center Nassau	Clinical Pharmacist	
	Samantha Justyn	University of Florida	Regional nerve block versus pericapsular injection in TKA: early postoperative functional ability				Johns Hopkins All Children's Hospital	Clinical Pharmacist	BCPS
	Casey Stewart	University of Florida	Comparing the efficacy of tranexamic acid and epsilon aminocaproic acid in reduction of total perioperative blood loss in TKA/THA		Critical Care Congress Feb 2016		Mayo Clinic	Clinical Pharmacist	BCPS
	Steven Tran	University of Florida	The effectiveness of universal decolonization protocol on infection rates in ICU patients				Putnam Community Medical Center	Clinical Pharmacist; Residency Coordinator	
	Kimberly Bentley Theiss	Belmont University	Evaluating the efficacy of extended infusion piperacillin-tazobactam in non-ICU patients				St. Vincent's Medical Center Riverside UF Health Gainesville	Clinical Staff Pharmacist Clinical Staff Pharmacist	BCPS

2013-2014	Alex Ebied	Long Island University	Optimization of antibiotic selection in the emergency department for adult skin and soft tissue infections				UF College of Pharmacy	Clinical Assistant Professor-Internal Medicine	BCCCP
	Ashley Lockwood	University of Florida	Evaluation of optimization of continuous antipseudomonal beta-lactams in adult cystic fibrosis patients with acute pulmonary exacerbation			PGY2 Infectious Disease; Houston Methodist	Bayfront Health	Clinical Specialist in Infectious Disease	BCPS
	Nam Nguyen	University of Florida	Evaluation of VAP treatment after implementation of interdisciplinary rounds in a community hospital			PGY2 Critical Care; Lakeland Regional Medical Center	Lakeland Regional Medical Center	Critical Care Pharmacist	BCPS
	Iryna Opalenyk	University of Florida	Effects of stress ulcer prophylaxis utilization on nosocomial pneumonia and clostridium difficile infections in hospitalized patients				St. Vincent's Medical Center Riverside Baptist Medical Center Beaches	Clinical Staff Pharmacist Clinical Staff Pharmacist	
2012-2013	Chad Cannon	Campbell University	Comparison of IV tobramycin dosing methods using AUC curve vs. trough monitoring in adult CF patients			North American Cystic Fibrosis Conference Oct 2013	St. Vincent's Medical Center Riverside	Clinical Staff Pharmacist-Critical Care	BCPS, BCCCP
	Katie Kamataris	University of Florida	Impact of pharmacy technician mediated medication reconciliation in the emergency department				St. Vincent's Medical Center Riverside	Clinical Staff Pharmacist-ER Team Leader	BCPS
	Heather Murphy	Shenandoah University	Impact of an inpatient pharmacist managed warfarin service on patient safety in a community hospital setting			PGY-2 Psychiatry; University of Texas	Columbia Missouri VA Wilmington VA Medical Center	Clinical Pharmacist Clinical Pharmacy Specialist Behavioral Health	BCPS, BCPP
	Crystal Parke	Florida A & M	Reduction of clinical support warnings through recategorization of severity levels	Am J Health-Sys Pharm. 2015; 72:144-148			FAMU / Tampa General	Assistant Professor/ Clinical Pharmacist	BCPS
	Brandon Wilds	Lake Erie College of Osteopathic Medicine	Effect of capping single dose IV ondansetron at 16mg from 32mg in moderate and highly emetogenic chemotherapy regimens			PGY2 Oncology; University of Utah	University of Cincinnati Medical Center UF Cancer Center at Orlando Health	Bone Marrow Transplant Clinical Pharmacy Specialist Hematology/Oncology Clinical Pharmacist; Residency Coordinator	BCOP
2011-2012	Christele Francois Robinson	Mercer University	Impact of dosing warfarin using a standard anticoagulation protocol			ASHP Midyear Meeting December 2011	Emory University Hospital	Emergency Room Pharmacist	BCPS
	Madeline Parhalo Pereira	University of Florida	Effect of an insulin-only protocol on glycemic control in non-intensive care hospitalized diabetic patients			ASHP Midyear Meeting December 2011	St. Vincent's Medical Center Southside Morton Plant Hospital	Clinical Staff Pharmacist Clinical Pharmacist	BCPS
	Shaeli Seker	Palm Beach Atlantic University	Impact of including indications with antimicrobial orders on pharmacist interventions and appropriateness of antimicrobial management in UTIs			ASHP Midyear Meeting December 2011	St. Mary's Medical Center Homestead Hospital	Clinical Pharmacist ER Clinical Pharmacist	BCPS
2010-2011	Dina Savenkova Morozov	Pacific University	Falls prevention study: selected beers criteria review in a community hospital			ASHP Midyear Meeting December 2010	Providence Hood River Memorial Hospital St. Vincent's Medical Center Riverside	Staff Pharmacist/Anticoagulation Pharmacist Clinical Staff Pharmacist	BCPS
	Erica Stetz	University of the Sciences in Philadelphia	Effect of rapid differentiation of staphylococcal species on empiric antimicrobial therapy			ASHP Midyear Meeting December 2010	Providence Newberg Medical Center St. Vincent's Medical Center Riverside Jefferson Health-Methodist Hospital Division	Clinical/Staff Pharmacist Clinical Staff Pharmacist Clinical Pharmacist	BCPS
	Anthony Casabao	Wingate University	Extended infusion beta-lactam antibiotic			ASHP Midyear Meeting	PGY2 Infectious Disease Pharmacotherapy; University of Pittsburgh Medical Center Husson University / Eastern Maine Medical Center	Assistant Professor / Clinical Pharmacy Infectious Disease Specialist	

2009-2010			administration in critically ill adult patients		December 2009	Infectious Disease Fellowship; Wayne State University and Detroit Medical Center	Clinical Assistant Professor / Infectious Diseases Specialist	University of Florida / UF Health Jacksonville	
	Vanessa Thomas Toncray	University of Florida	The effect of pharmacist involvement in anticoagulation monitoring in a community hospital setting		ASHP Midyear Meeting December 2009		St. Luke's Hospital	Clinical Staff Pharmacist	BCPS
							St. Vincent's Medical Center Riverside	Clinical Staff Pharmacist - Internal Medicine Team Leader	
Megan Womack Keese	University of South Carolina	Erythropoiesis-stimulating agents for treatment of anemia: evaluating increases in blood transfusions in oncology patients		ASHP Midyear Meeting December 2009		St. Vincent's Medical Center Riverside	Medication Safety Coordinator	Clinical Staff Pharmacist	
2008-2009	Christina Gifford	University of Florida	Evaluation of single-injection femoral nerve blocks verses continuous femoral nerve block in patients receiving total knee arthroplasty		ASHP Midyear Meeting December 2008		St. Vincent's Medical Center Riverside	Clinical Staff Pharmacist - ER Team Leader	BCPS
	Vidhi Patel	St. John's University	Impact of antibiotic prescribing on clostridium difficile		ASHP Midyear Meeting December 2008		Jersey City Medical Center	Clinical/Staffing Evening Pharmacist	
	Vaidehi Shelat Patel	University of Florida	Clinical outcomes associated with tighter glucose control in invasive cardiac surgery		ASHP Midyear Meeting December 2008		St. Vincent's Medical Center Riverside	Clinical Staff Pharmacist - Internal Medicine	BCPS
						St. Vincent's HealthCare	Cardiology Transitions of Care Pharmacist		
2007-2008	Maryam Qazizada Alikhil	University of Florida	Hospital-acquired venous thromboembolism: a retrospective analysis of risk factor screening and prophylactic therapy	Hosp Pharm. 2010;45(2): 122-128			St. Vincent's Medical Center Riverside	Clinical Staff Pharmacist - Cardiology Team Leader	BCPS
2006-2007	Kristal Long Cunningham	Florida A &M	Comparison of clinical outcomes: aprotinin versus tranexamic acid in patients undergoing coronary artery bypass graft surgery				St. Vincent's Medical Center Riverside	Clinical Staff Pharmacist - OR Team Leader
